

**PFC Impose and Use Amendment
Application No. 11-05-C-00-BTV**

Burlington International Airport is proposing to amend the recently approved impose and use application to increase project 18 (PFC Application Costs) by \$45,400 to cover additional costs. The original scope of work for the application consisted of only 6 projects but the actual application contained 19 projects resulting in a substantial increase in work. This additional work included preparation of 13 additional Attachment B including detailed descriptions, justifications, and objectives. A detailed financial plan which included the additional project costs.

The original project cost for Project 18 was \$44,200. This amendment proposes to increase the amount to \$89,600. This will increase the overall collection to \$4,887,518. This will not change the anticipated expiration date of January 1, 2016.
